Advent Air Is First \$1,000 Donor to “Keep Lewisville Beautiful” *Employees also donate time to plant tree at local park*

LEWISVILLE, TX (June 27, 2012) – Keep Lewisville Beautiful, a non-profit organization dedicated to enhancing the community environment for the citizens of Lewisville, announced today that Advent Air Conditioning has become its first \$1,000 corporate benefactor.

“We are so pleased that Advent Air is setting an example for all Lewisville businesses to support the upkeep and beautification of our city,” said Amy Wells, executive director of Keep Lewisville Beautiful (KLB). “We’re so grateful to Mike and Tammi Douglas, and the entire Advent team, for their generous contributions of both time and funding. We’re proud that they thought enough of our organization to support us in this way.”

Programs coordinated by KLB are funded entirely through donations and grants. The organization partners with the City of Lewisville to conduct projects that help make Lewisville a wonderful place to live and work.

“We’re very impressed with the work being done by KLB, and it’s our pleasure to support this important community organization,” said Tammi Douglas, marketing director for Advent Air. “We have been committed to the City of Lewisville ever since we established our headquarters here 30 years ago, and we intend to keep doing so as long as we’re in business.”

Along with their donation, Tammi and her daughter, Brittany, joined Wells at Toyota of Lewisville Railroad Park, where they planted a bald cypress tree. A sign recognizing Advent’s support was also placed in front of the tree.
